## Senior Architect

---

### Summary

Slim Ouertani is enterprise and solution architect, InfoQ-Fr editor, Big Data Science, Cloud and SOA Certified trainer, founder and organizer of Riyadh IT Architecture Meetup. After his engineer's degree in computer science, Slim spent over than 15 years in multinational companies such as Orange, Sagem, and GE as architect, international agile coach and Head of IT development department. His main role was to build, design and collaborate in the development of enterprise solutions.

Slim regularly contributes to InfoQ-FR community where he is the author of many articles and news. He's broad certified as in addition to his SOA, Cloud and Big Data Science certifications: Trainer, Architect & Engineer, Slim holds multiple certifications including Togaf 9, Archimate 2, IT4IT, SABSA, PMP, ITIL, CMMi, Mongo, Spring, JAVA, SCALA and reactive programming...

Slim enjoys open source contribution and invite you to follow him on twitter @ouertani.

---

### Experience

#### GE Digital

##### Senior Architect

RIYADH, SAUDI ARABIA

06-2019 – present

- Drive growth, improve efficiency and customer satisfaction in the health care digital transformation journey.

#### machinestalk

##### CTO

RIYADH, SAUDI ARABIA

03-2017 – 05-2019

- key contributor in the company transformation to be top ranked IoT service provider kingdom wide
- Responsible of the technology strategy implementation, Technology alliance
- Responsible of building and implementing the new IoT framework.

#### Al-Elm Information Security

##### Solution Architect

RIYADH, SAUDI ARABIA

06-2014 – 03-2016

- Member/Founder of ELM Development Architecture Center of Excellence.
